2-Hour Premium Home and Small Office Record Safes

These products offer enhanced durability and protection. These economical safes feature a full UL Class 350 2-hour fire rating with impact. Heavy-duty hinges offer smooth door operation for the life of the safe. All 2-hour premium safes provide important security features such as three-way boltwork, a UL Listed combination lock, and relocking device with an integrated door hardplate. These safes offer complete peace of mind for important personal documents, at an affordable price.
